NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

Ryde Ex-Services Memorial & Community Club Limited ('the Company') is a not-for-profit Company limited by guarantee, incorporated and domiciled in Australia. The nature of the operations and principal activities of the company is a licensed club.

The financial report was authorised for issue by the Directors in accordance with a resolution of the directors on the day of signing the directors' declaration.

Comparatives are consistent with prior years, unless otherwise stated.

1 Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the Australian Accounting Standards - Reduced Disclosure Requirements (including *Australian Accounting Interpretations* adopted by the *Australian Accounting Standards Board (AASB)* and the *Corporations Act 2001*. The company is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards.

The financial statements, except for the cash flow information have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

2 Change in Accounting Policy

Revenue from Contracts with Customers - Adoption of AASB 15

The Company has adopted AASB 15 *Revenue from Contracts with Customers* and AASB 1058 *Income of Not-for-Profit Entities* for the first time in the current year with a date of initial application of 1 July 2019.

The Company has applied AASB 15 and AASB 1058 using the cumulative effect method which means the comparative information has not been restated and continues to be reported under AASB 111, AASB 118, AASB 1004 and related interpretations. There was no material impact on these financial statements from applying AASB 15 and AASB 1058.

Leases - Adoption of AASB 16

The Company has adopted AASB 16 *Leases* using the modified retrospective (cumulative catch-up) method from 1 July 2019 and therefore the comparative information for the year ended 30 June 2019 has not been restated and has been prepared in accordance with AASB 117 *Leases* and associated Accounting Interpretations.

Impact of adoption of AASB 16

The impact of adopting AASB 16 is described below:

Under AASB 117, the Company assessed whether leases were operating or finance leases based on its assessment of whether the significant risks and rewards of ownership had been transferred to the Company or remained with the lessor. Under AASB 16, there is no differentiation between finance and operating leases for the lessee and therefore all leases which meet the definition of a lease are recognised on the statement of financial position (except for short-term leases and leases of low value assets).

The Company has elected to use the exception to lease accounting for short-term leases and leases of low value assets, and the lease expense relating to these leases are recognised in the statement of profit or loss on a straight line basis. For leases which were classified as finance leases under AASB 117, the carrying amount of the right-of-use asset and the lease liability at 1 July 2019 are the same value as the leased asset and liability on 30 June 2019

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

3 Summary of Significant Accounting Policies

(a) Revenue and other income

The core principle of AASB 15 is that revenue is recognised on a basis that reflects the transfer of promised goods or services to customers at an amount that reflects the consideration the Company expects to receive in exchange for those goods or services. Revenue is recognised by applying a five-step model as follows:

1. Identify the contract with the customer
2. Identify the performance obligations
3. Determine the transaction price
4. Allocate the transaction price to the performance obligations
5. Recognise revenue as and when control of the performance obligations is transferred

Generally the timing of the payment for sale of goods and rendering of services corresponds closely to the timing of satisfaction of the performance obligations, however where there is a difference, it will result in the recognition of a receivable, contract asset or contract liability.

Specific revenue streams

The revenue recognition policies for the principal revenue streams of the Company are:

Bar, catering and function revenue

Bar, catering and function revenue are recognised at a point in time as the goods or function is provided to the customer.

Poker machine and other gaming revenue

Gaming revenue is the net difference between gaming wins and losses, and is recognised at a point in time upon the outcome of the game.

(b) Income Tax

The company is subject to income tax on its investment income and on the income derived from non-members, less all allowable deductions applicable to this assessable income. Income derived from members is not subject to income tax in accordance with the principle of mutuality. It is therefore inappropriate to compare income tax payable with net income disclosed in the Statement of Profit or Loss and Other Comprehensive Income. There are no material temporary differences.

(c) Finance costs

Finance costs include interest and lease finance charges.

(d) Cash and cash equivalents

Cash and cash equivalents in the Statement of Financial Position comprise cash on hand and at bank together with short-term deposits with an original maturity of six months or less that are readily convertible to known cash amounts subject to insignificant risk of changes in value.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

3 Summary of Significant Accounting Policies (Continued)

(e) Leases

At the lease commencement, the Company recognises a right-of-use asset and associated lease liability for the lease term. The lease term includes extension periods where the Company believes it is reasonably certain that the option will be exercised.

The right-of-use asset is measured using the cost model where cost on initial recognition comprises of the lease liability, initial direct costs, prepaid lease payments, estimated cost of removal and restoration less any lease incentives received.

The right-of-use asset is depreciated over the lease term on a straight line basis and assessed for impairment in accordance with the impairment of assets accounting policy.

The lease liability is initially measured at the present value of the remaining lease payments at the commencement of the lease. The discount rate is the rate implicit in the lease, however where this cannot be readily determined then the Company's incremental borrowing rate is used.

Subsequent to initial recognition, the lease liability is measured at amortised cost using the effective interest rate method. The lease liability is remeasured whether there is a lease modification, change in estimate of the lease term or index upon which the lease payments are based (e.g. CPI) or a change in the Company's assessment of lease term.

Where the lease liability is remeasured, the right-of-use asset is adjusted to reflect the remeasurement or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

Exceptions to lease accounting

The Company has elected to apply the exceptions to lease accounting for both short-term leases (i.e. leases with a term of less than or equal to 12 months) and leases of low-value assets. The Company recognises the payments associated with these leases as an expense on a straight-line basis over the lease term.

(f) Inventories

Inventories are measured at the lower of cost and net realisable value. Cost assigned to inventories are on an average cost basis.

(g) Property, plant and equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment.

Freehold land and building

Freehold Land was revalued to Director's Valuation at year end. Previously it was valued at cost. Buildings are measured at cost less accumulated depreciation and any impairment in value.

Plant, equipment and poker machines

These assets are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

3 Summary of Significant Accounting Policies (Continued)

(g) Property, plant and equipment (Continued)

Depreciation

Property, plant and equipment, excluding freehold land, is depreciated on a straight-line basis over the estimated useful life.

The depreciation rates used for each class of asset are as follows:

Buildings and improvements	2.5%
Vehicles	20%
Furniture, fittings and equipment	15%
Poker machines	20%

The estimated useful lives, residual values and depreciation methods are reviewed at each year end, with the effect of any changes in estimate accounted for on a prospective basis.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the profit or loss. When revalued assets are sold, the amounts included in the revaluation reserve relating to those assets are transferred to retained earnings.

(h) Financial instruments

Financial instruments are recognised initially on the date that the Company becomes party to the contractual provisions of the instrument.

On initial recognition, all financial instruments are measured at fair value plus transaction costs (except for instruments measured at fair value through profit or loss where transaction costs are expensed as incurred).

Financial assets

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets. The Company only has financial assets which are classified at amortised cost. These are assets where the business model is to hold assets to collect contractual cash flows and contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company's financial assets measured at amortised cost comprise trade and other receivables and cash and cash equivalents in the statement of financial position. Subsequent to initial recognition, these assets are carried at amortised cost using the effective interest rate method less provision for impairment. Interest income and impairment are recognised in profit or loss. Gain or loss on derecognition is recognised in profit or loss.

Impairment of financial assets

Trade receivables

Impairment of trade receivables have been determined using the simplified approach in AASB 9 which uses an estimation of lifetime expected credit losses (probability of non-payment of the receivable). The estimated life time credit losses is zero.

Financial liabilities

The Company measures all financial liabilities initially at fair value less transaction costs, subsequently financial liabilities are measured at amortised cost using the effective interest rate method.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2020

3 Summary of Significant Accounting Policies (Continued)

(h) Financial instruments (Continued)

Financial liabilities (Continued)

The financial liabilities of the Company comprise trade payables and finance lease liabilities.

(i) Impairment of non-financial assets

At the end of each reporting period the Company determines whether there is an evidence of an impairment indicator for non-financial assets.

Where an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount.

(j) Employee benefits

Provision is made for entitlements accruing to employees in relation to wages, salaries, annual leave, long service leave and other benefits where the company has a present obligation to pay resulting from employees' services provided up to reporting date.

- Wages, Salaries, and Annual Leave – Liabilities for employee benefits for wages, salaries and annual leave is expected to be settled within 12 months of year-end. The provision has been calculated at current wage and salary rates including related on-costs. Sick leave is expensed as incurred.
- Long Service Leave – The liability for employee benefits for long service leave represents the present value of the estimated future cash outflows to be made resulting from employees' services provided up to reporting date. The portion of the long service leave liability not expected to be settled within 12 months is discounted using the rates applicable to national government securities at reporting date, which most closely match the terms of maturity of the related liability.
- Superannuation – Superannuation contributions by the company on a defined basis to an employee superannuation fund are charged as expenses when incurred. The Company has no legal obligation to provide benefits to employees on retirement. The provision is made for the Company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be wholly settled within one year have been measured at the amounts expected to be paid when the liability is settle.

(k) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of Goods and Services Tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payable are stated inclusive of GST.

Cash flows in the statement of cash flows are included on a gross basis and the GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the ATO is classified as operating cash flows.

(l) New accounting standards and interpretations

At the date of authorisation of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but are not yet effective, and have not been adopted early by the Company. The Company will consider the impact in future years.

4 Critical Accounting Estimates and Judgments

The Directors make estimates and judgements during the preparation of these financial statements regarding assumptions about current and future events affecting transactions and balances.

These estimates and judgements are based on the best information available at the time of preparing the financial statements, however as additional information is known then the actual results may differ from the estimates. Estimates and assumptions are reviewed on an ongoing basis.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF

RYDE EX-SERVICES MEMORIAL & COMMUNITY CLUB LIMITED
(A Company Limited by Guarantee)

Opinion

We have audited the financial report of Ryde Ex-Services Memorial & Community Club ("the Company"), which comprises the Statement of Financial Position as at the 30 June 2020, the Statement of Profit or Loss and Other Comprehensive Income, Statement of Cash Flows and Statement of Changes in Equity for the year then ended, and Notes to the Financial Statements comprising the Summary of Significant Accounting Policies and Directors' Declaration.

In our opinion, the accompanying financial report of Ryde Ex-Services Memorial & Community Club is in accordance with the *Corporations Act 2001*, including:

- (i) giving a true and fair view of the Company's financial position as at 30 June 2020 and its performance for the financial year ended on that date; and
- (ii) complying with Australian Accounting Standards - Reduced Disclosure Requirements and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The directors are responsible for the other information. The other information comprises the information included in the directors' report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon. Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Auditor's Responsibilities for the Audit of the Financial Report (Continued)

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
