

WORKSHOPS

All workshops are **FREE** and located on level 2.

11:20 TO 12:20 by **WEST RYDE UKULELE**

BEGINNERS - LET'S TAKE IT UP A LEVEL!

A session for those beginners who want to take playing up a level, this workshop focuses on introducing more variety in playing: different strumming patterns and time signatures, and riffs and chord progressions adding interest to the music.

12:30 - 1:30 by **LED UKZ**

VARIETY IN PERFORMANCES

Focused around performances where all instruments are doing different but complementary things, rather than all strumming the same pattern, giving variety in performance. Emphasis on each band member listening to each of the others.

1:40 - 2:40 by **RICHARD KEEGAN**

WHAT TO LOOK FOR WHEN BUYING A UKE

A skilled Luthier of 30+ years, making and repairing musical instruments, I explain the nuts and bolts behind any instrument's construction. Plus I show how a one dollar ruler from BigW can save big money when you go shopping for a new Ukulele.

2:50 - 3:50 by **DUPLICITY**

GETTING PERFORMANCE READY

So you want to perform at an open mic or Festival? We'll tell you what to expect and then show you how to nail that performance. Everything you want to know about performing on stage, but were afraid to ask...or turn up.
